

Patient Name : MR. VITTAL RATHOD
YH No : 365353
Diag.No : 6636883
IP No : N/A
Specimen Type : URINE
Ref.Doctor : DR.DURGA PRASAD B - UROLOGY

Age : 65 Yrs Gender : Male
Billed on : 03/12/2022 11:09:47AM
Collected on : 03/12/2022 11:58:32AM
Received on : 03/12/2022 12:05:02PM
Reported on : 03/12/2022 12:24:29PM
Location : OPD
Report Status: FINAL

CLINICAL PATHOLOGY

Test	Results	Reference Range	Units
COMPLETE URINE EXAMINATION			
PHYSICAL EXAMINATION			
COLOUR	PALE YELLOW	PALE YELLOW	
APPEARANCE	CLEAR	CLEAR	
CHEMICAL EXAMINATION			
REACTION (PH)	5.5 (ACIDIC)	4.6 - 8.0	
SPECIFIC GRAVITY	1.015	1.003 - 1.035	
PROTEIN	NIL	NIL	
SUGAR	NIL	NIL	
KETONE	NEGATIVE	NEGATIVE	
BILIRUBIN	NEGATIVE	NEGATIVE	
UROBILINOGEN	NORMAL	0.5 - 2.5	mg/dL
NITRITE	NEGATIVE		
LEUCOCYTE ESTERASE	NIL		
(Reflectance Photometry / Manual)			
MICROSCOPIC EXAMINATION			
WHITE BLOOD CELLS	1	0 - 5	No/HPF
SQUAMOUS EPITHELIAL CELLS	1	0 - 5	No/HPF
RED BLOOD CELLS	1	0 - 2	No/HPF
HYALINE CASTS	NIL	NIL	
NON SQUAMOUS EPITHELIAL CELLS	1	0 - 2	No/HPF
RENAL TUBULAR EPITHELIAL CELLS	1	0 - 1	No/HPF
GRANULAR CASTS	Nil	NIL	
CALCIUM OXALATE CRYSTALS	Nil	NIL

CLINICAL PATHOLOGY

Test	Results	Reference Range	Units
TRIPLE PHOSPHATE CRYSTALS	Nil	NIL	
URIC ACID CRYSTALS	Nil	NIL	
(Autoimage Evaluation Module / Manual Microscopy)			
CRYSTALS	Nil		
YEAST	Nil	NEGATIVE	No/HPF
BACTERIA	2		

Comments :

Parameters		Assessment					
URO	normal	-	1+	2+	3+	4+	-
		-	2	4	8	12	mg/dL
PRO	-	+	1+	2+	3+	4+	-
	-	15	30	100	300	1000	mg/dL
	-	(0.15)	(0.3)	(1.0)	(3.0)	(10)	(g/L)
GLU	-	+	1+	2+	3+	4+	-
	-	50	100	250	500	200	mg/dL
	-	(2.8)	(5.6)	(14)	(28)	(111)	(mmol/L)

BILIRUBIN: False low or negative results may be simulated by large amounts of Vitamin C or nitrite.
 PROTEIN: False positive results are possible in high alkaline urine samples (pH>9) and in the presence of high specific gravity.
 BLOOD: False positive results can be produced by a residue of peroxide containing cleansing agents.
 KETONES: Phthalein compounds may mask the coloration of ketones.
 GLUCOSE: High concentrations of ascorbic acid in urine levels lead to lower / false negative result.
